

Rozkład zajęć, kierunek lekarski w języku angielskim V rok , semestr letni 2023/24

Wykład

10.04.2024 17.00-

17.04.2024

25.03.2024 Poniedziałek	7.30-12.30 Erasmus (2 osoby)		Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
26.03.2024 Wtorek	7.30-12.30 Erasmus (2 osoby)		Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
04.04.2024 Czwartek	7.30-12.30 Erasmus (2 osoby)		Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
05.04.2024 Piątek	7.30-12.30 Erasmus (2 osoby)		Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
08.04.2024 Poniedziałek	7.30-12.30 Erasmus (2 osoby)		Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
09.04.2024 Wtorek	7.30-12.30 Erasmus (2 osoby)		Dr M. Kęska The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
10.04.2024 Środa	7.30-12.30 Erasmus (2 osoby)		Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique,

				indications, contraindications, complications)
11.04.2024 Czwartek	7.30-12.30 Gr 2a, 3b	A	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Anaesthesiology University Hospital	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
12.04.2024 Piątek	7.30-12.30 Gr 2a, 3b	A	Anaesthesiology University Hospital	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		B	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		C	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
15.04.2024 Poniedziałek	7.30-12.30 Gr 2a, 3b	A	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine

		B	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		C	Anaesthesiology University Hospital	Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
16.04.2024 Wtorek	7.30-12.30 Gr 2a, 3b	A	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		B	Anaesthesiology University Hospital	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		C	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
17.04.2024 Środa	7.30-12.30 Gr 2a, 3b	A	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		B	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)

		C	Anaesthesiology University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
18.04.2024 Czwartek	7.30-12.30 Gr 2a, 3b	A	Anaesthesiology University Hospital	General and regional anesthesia drugs pharmacology
		B	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
		C	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
19.04.2024 Piątek	7.30-12.30 Gr 2a, 3b	A	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		B	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		C	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
22.04.2024 Poniedziałek	7.30-12.30 Gr 5a, 5b	A	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	Anaesthesiology University Hospital	Critically ill patient monitoring, extended cardiovascular

				monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
23.04.2024 Wtorek	7.30-12.30 Gr 5a, 5b	A	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		B	University Hospital	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		C	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
24.04.2024 środa	7.30-12.30 Gr 5a, 5b	A	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		B	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		C	University Hospital	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
25.04.2024 Czwartek	7.30-12.30 Gr 5a, 5b	A	University Hospital	General and regional anesthesia drugs pharmacology

		B	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		C	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
26.04.2024 Piątek	7.30-12.30 Gr 5a, 5b	A	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		B	University Hospital	General and regional anesthesia drugs pharmacology
		C	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
29.04.204 Poniedziałek	7.30-12.30 Gr 5a, 5b	A	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		B	University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
		C	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
06.05.2024 Poniedziałek	7.30-12.30 Gr 5a, 5b	A	University Hospital	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)

		B	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		C	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
07.05.2024 wtorek	7.30-12.30 Gr 2b, 3a	A	University Hospital	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		C	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
08.05.2024 Środa	7.30-12.30 Gr 2b, 3a	A	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		B	University Hospital	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange

		C	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
09.05.2024 Czwartek	7.30-12.30 Gr 2b, 3a	A	Dr M. Mieszkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		B	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		C	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
10.05.2024 Piątek	7.30-12.30 Gr 2b, 3a	A	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
13.05.2024 Poniedziałek	7.30-12.30 Gr 2b, 3a	A	Dr R. Goraj	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines),

			The Regional Specialist Hospital in Olsztyn	management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		C	University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
14.05.2024 Wtorek	7.30-12.30 Gr 2b, 3a	A	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
		B	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
		C	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
15.05.2024 Środa	7.30-12.30 Gr 2b, 3a	A	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		B	University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
		C	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
17.05.2024 Piątek	7.30-12.30 Gr 1a,1b	A	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine

		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	University Hospital	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
20.05.2024 Poniedziałek	7.30-12.30 Gr 1a,1b	A	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		C	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
21.05.2024 Wtorek	7.30-12.30 Gr 1a,1b	A	Dr M. Kęska The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		B	Dr J. Wolska The Regional Specialist Hospital in Olsztyn	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport

		C	University Hospital	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
27.05.2024 Poniedziałek	7.30-12.30 Gr 1a,1b	A	University Hospital	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		B	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		C	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
28.05.2024 Wtorek	7.30-12.30 Gr 1a,1b	A	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		B	University Hospital	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
29.05.2024 Środa	7.30-12.30 Gr 1a,1b	A	University Hospital	General and regional anesthesia drugs pharmacology

		B	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		C	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
03.06.2024 Poniedziałek	7.30-12.30 Gr 1a,1b	A	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		B	University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
		C	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
04.06.2024 Wtorek	7.30-12.30 Gr 4a,4b	A	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		B	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
		C	University Hospital	General anesthesia : anesthetic workstation equipment, components of an anesthetic machine
05.06.2024 Środa	7.30-12.30 Gr 4a,4b	A	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		B	Dr R. Goraj	Critically ill patient monitoring, extended cardiovascular

			The Regional Specialist Hospital in Olsztyn	monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		C	University Hospital	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
06.06.2024 Czwartek	7.30-12.30 Gr 4a,4b	A	University Hospital	Critically ill patient monitoring, extended cardiovascular monitoring (Pulmonary Arterial Catheters, Pulse Contour Analysis, Ultrasonography, Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
		B	Dr G. Szturo The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		C	Dr B. Tuyakov The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
10.06.2024 Poniedziałek	7.30-12.30 Gr 4a,4b	A	Dr R. Goraj The Regional Specialist Hospital in Olsztyn	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General anesthesia: airway management, intubation, RSI, unanticipated difficult intubation
		C	University Hospital	Catheters, Pulse Contour Analysis, Ultrasonography,

				Transpulmonary thermodylution, Echocardiography), cardiovascular system suport
11.06.2024 Wtorek	7.30-12.30 Gr 4a,4b	A	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
		B	Dr P. Radkowski The Regional Specialist Hospital in Olsztyn	General and regional anesthesia drugs pharmacology
		C	University Hospital	Respiratory failure, fundamentals of mechanical ventilation (ventilation modes, VILI) , extracorporeal blood purification (renal replacement therapy, ECCOR, ECMO), gas exchange
12.06.2024 Środa	7.30-12.30 Gr 4a,4b	A	Dr D. Onichimowski The Regional Specialist Hospital in Olsztyn	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		B	University Hospital	Nutrition therapy, management of brain injury (Brain Trauma Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
		C	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
13.06.2024 Czwartek	7.30-12.30 Gr 4a,4b	A	University Hospital	Regional anesthesia : central neural blockade, peripheral nerve blockade
		B	Dr M.Samiec The Regional Specialist Hospital in Olsztyn	Regional anesthesia : central neural blockade, peripheral nerve blockade
		C	Dr G. Szturo	Nutrition therapy, management of brain injury (Brain Trauma

			The Regional Specialist Hospital in Olsztyn	Foundation guidelines), management of major bleeding and coagulopathy (guidelines), vessels cannulation (technique, indications, contraindications, complications)
